

First is bass with a three chord run long-short-short for 8 measures  
Second is adding the drum for another 4 measures  
Third is adding more drums, maybe just a little more complex for 4 measures  
Fourth is adding guitar with the vocals

Chorus:

Do you like this?  
Do you like this?  
Do you like this?  
Do you like this?  
Do you think this is *beautiful*?

He said that to *everyone*  
*Every one* of them  
(Short change in drum beat)  
Why did he make it so *hard*?  
*Hard* to get by  
Sometimes I have to look back  
Thinking I should have died  
It fucking tears me apart  
Knowing I *survived*

So all I have to say *now*  
Is simply this

(Cut music and vocals immediately and wait two measures)

Chorus

So damn *repetitive*  
(Pause and cut everything)  
*Repetitive* he *always* was  
(Short change in drum beat)  
He was the reason for my  
*Insomnia*  
Thought he was Napoleon  
Or maybe just  
I think he couldn't get it up  
For Mary Anne

And all she has to say *now*  
Is simply this

(Cut music and vocals immediately and wait two measures)

Chorus
