Scene 1

DARIA is sitting on her bed in front of a webcam, wearing only lingerie.

DARIA

I think its super sexy! It's so easy to give it all away but I won't give them that. There's something so much more hot about not seeing everything. These guys imaginations are much better than any reality I can create. Don't get me wrong, I know I'm attractive. I'll never be that attractive though. I'll never be as hot as imagination. Imagination is the hottest thing I can think of. Rhett Butler in Gone with the Wind was way hotter in my head than Clark Gable. Mr. Rochester from Jane Eyre. So hot. The architecture of Rivendell in Lord of the Rings is so much cooler in your head than in the movies or anything in reality. It always will be. You probably weren't expecting that from a webcam girl, huh? But it's true. Why should I be the ruiner of that epic level of hotness, that fantasy. I take them all the way to the edge and then I let their imagination do the rest. Best job ever.
